

We are now VetPartners™!

Exciting news! The AVPMCA has changed its name to better reflect the role we play in the veterinary community.

We've built a reputation of trust and credibility since our inception, and we have worked closely with our clients to achieve practice management solutions together. The VetPartners™ name embodies that. Not only are the resources and solutions we provide to veterinary practice owners and managers contemporary and relevant, but our commitment to delivering results through close interaction and partnership is a core value for our membership.

We still hold to the same high ethical standards that have underscored your trust in us over the years—only our appearance has changed to mirror that. VetPartners™ is a 21st century organization propelled by credible, forward-thinking solutions. We hope you enjoy the "new" us.
